

Infrastructure and Energy

Brazil Law Firm of the Year by Chambers & Partners 2020

Mattos Filho Infrastructure and Energy practice provides the following services:

- Legal advice throughout the development of projects;
- Preparation and negotiation of various infrastructure-related contracts, including Engineering, Procurement and Construction Contracts (EPCs) and joint ventures, Engineering, Procurement, and Construction Management Contracts (EPCMs), as well as turnkey and built-to-suit, subcontracts, architectural and engineering contracts, and supply contracts;
- Legal advice related to all phases of infrastructure projects for oil and gas, mining, transportation, sanitation, life sciences, telecommunications, ports, airports, railways, and logistics, among others;
- Advice on project finance transactions;
- Advice on infrastructure projects related to public bidding processes and Public-Private Partnerships.

Industry and sectors

- The oil & gas team has world class expertise in legal issues relevant to various industry sectors such as oil & gas, energy, construction, mining, logistics, telecommunications, and sanitation. Our experts are also experienced in negotiating local and international deals.
