

## Mining

## Brazil Law Firm of the Year by Chambers & Partners 2020

### Our services include:

- Legal assistance in all phases of the mining sector, including prospecting and exploration, mining, extraction, marketing and ore importing and exporting;
- Preparation, negotiation and analysis of contractual risks particular to the sector, including purchase and sale agreements, assignment and lease of mineral rights, construction agreements, equipment supply agreements and service agreements;
- Counsel on the acquisition of equity interest in companies in the mining sector, including, but not limited to, preparation of due diligence reports, share/quota purchase agreements and shareholder/quotaholders' agreements;
- Assistance to companies in IPOs, including preparation of full scope due diligence reports, prospectus, registration with the Brazilian Securities Commission (CVM) and other relevant institutions;
- Assistance in financing transactions for mine development projects and construction projects, such as pig iron foundries, steel mills and other large scale projects in the mining sector;
- Representation of mining companies, financial institutions and investors in mine-related litigation and arbitration.
